1. Chapter 1

The teens where shocked.

I mean they new they had done this before but this was just embarrassing.

they of course new that they were meant for each other but this...

She just about had his shirt of to.

and man was she pissed.

well then again in there defense the door was unlocked...

but...they also didn't knock.

"I'm. Going. To. Kill. You!" Astrid yelled at the group of shocked teens.

"And I'm going to knock you all in coma!" Yelled Hiccup balling his fists and glaring at The group.

Hiccup might be a scrawny little thing but he can Really pack a punch.

they all found that out the hard way.

that day they all learned a very valuable lesson.

Always knock on forge door no matter what.

* * *

><p>AN: just don't ask just don't...but review if you want me to make this a series!<p>

2. Chapter 2

Rule number one Always knock on the forge door.

Rule two if your ever feeling down or just want a good laugh give Hiccup mead.

If you do...well this happens.

"I was riding on my dragon and going to the mead hall..." Hiccup sang/yelled through out the mead hall.

"When I decided to come home and play with my girl!" He continued causing adults to snicker and giggle.

"Then I week later I found out she was pregnant!" That line caused Snotlout to choke on his water.

"In 'nother week she had a baby!"

"And then the baby yelled WHY THE HECK DID THESE PEOPLE BECOME MY PARENTS!?"

the whole hall erupted with laughter.

"then I said...Because it's the circle of life."

Astrid was laughing and almost falling out of her seat waiting for the next line to come.

"Then the baby said WHO CARES ABOUT THE DANG CIRCLE OF LIFE!"

The twins loved this and the best part? Hiccup drinks mead every Friday.

Hiccup stood up clumsily and made his way over to Astrid and put an arm around her And said "'sup girl?"

Astrid laughed as her boy friend continued to say drunken pick up lines.

"Yo Astrid you want to here my new song?" Hiccup asked her

"of course!" She yelled still giggling.

"KK ill sing it."

"Wake up in the morning feeling like P- diddy" He started.

"Grab my glasses I'm out the door I'm going to hit this city!"

The hall laughed louder as Hiccup sang some more.

"Before I leave brush 'ma teeth with a bottle of jack"

The hall laughed on and on wishing they had given Hiccup mead A LOT sooner.

"'cause I'm not coming back!"

That day The people of Berk learned a valuable lesson.

Always give Hiccup mead.

3. Chapter 3

Rule number 3: Never break ANYTHING Hiccup has made ESPECIALLY if it's for Astrid.

* * *

><p>He had spent all night working on it carefully putting the gems and Dagon scales in a cute little pattern that ended up spelling her name.<p>

and Snotlout had ruined it.

Hiccup was mad as he got up and walked over to his cousin smiling a sinister smile that sent would send chills up Batmans spine.

Snotlout had never seen his Cousin like this and he was honestly a little scared.

Hiccup picked up a random metal pipe and started advancing towards Snotlout his grin getting creeper by the minute.

"H-Hiccup." Snotlout squeaked as Hiccup got closer to him.

Hiccup raised up the pipe and hit Snotlout with it instill he was tired and grabbed him by the color of his tunic.

"Don't ever do that again."

"Y-Yes S-sir!" Snotlout stuttered saluting

4. Chapter 4

Rule number 4: Never call Hiccup useless (ever again that is)

* * *

><p>Hiccup was teach in the others a lesson about dragons.<p>

And by others I mean Astrid and Fish-legs.

In the middle of his lesson Tuffnut yelled out "boo your useless Hiccup!"

and something inside Hiccup snapped.

Hiccup turned around smiling a cheerful smile maybe a little to cheerful.

Astrid and Snotlout both new that look.

"Quick!" Yelled Astrid "get all metal and sharp objects out of here!"

"Why should we he's just a useless little runt." Taunted Tuffnut again

Hiccup grabbed his dagger and made his way over to Tuff.

he slammed the dagger down pinning Tuffnut down he got down in his face and whispered.

"don't EVER call me that again got it!"

Tuff gulped and answered "Y-yes S-s-sir

5. Chapter 5

Rule 5 never look into Hiccups eyes...

* * *

><p>They had all made the mistake.<p>

The mistake of looking into those forest green eyes.

When they looked they hadn't seen the sarcastic boy they knew and loved.

they saw sadness pain and dare they say a broken soul

not the kind of broken that could be glued back together but the one...

Shattered beyond repair.

you see Hiccups eyes told a story...

one that consisted of pain loss and sadness...

that they had caused.

and that's what killed them the most...

* * *

><p>*crying* I was in a bad mood and this happened...<p>

6. Chapter 6

Rule #6: never mess with a sorcerer

* * *

><p>It was suppose to be simple: get rid of the Dragon flowers and be done.<p>

But then again when it's Hiccups job something always goes wrong.

So that brings us to are current situation...

Hiccup hunched over on his knees screaming bloody murder.

The teens where worried I mean wouldn't you be?

a few minutes later and he started to bleed and four little stubs started coming out of his head one out of his back.

the stubs grew to reveal...,...

antlers,deer ears,and a deer tail...

Hiccup stood up and looked at his surroundings His ears pricking up as he heard a noise.

Hiccup and the dragons ran just as a dagger was thrown at The place Hiccup just was.

the teens looked Around for who through the Dagger and surprisingly it was Stoic.

Hiccup pranced along sniffing and doing other deer things.

Rule number...I have know idea! And is to lazy to check! Never give Hiccup a night furry egg.

Hiccup sat in the Corner holding a egg. But not just any egg. Oh know this was a night fury egg.

Hiccup was currently holding the egg in his hands rocking back and

forth. He seemed to be talking to it.

"Hello lord Egg. How are yo doing?" He would ask petting the egg like it was a kitten.

"Hiccup it's just and egg!"

Hiccup gasped and covered the "lords ears" with his hand glaring at the teens. "How dare you!" He screamed.

The teens backed away. Slowly. Really slowly. Not saying a word while Hiccup continued to talk with his "King"

"Hiccup." Astrid said "It's an egg you have to realize other people exist."

"There is no existence." Hiccup says with his wide un-blinking eyes. "Only un born dragon" hiccup the fell into a fate position still petting the egg.

After a few Hours hiccup looked up to Astrid. "Astrid, join me!"

"Um,"

"Hiccup got up (still holding the egg) and said "join me, be my queen and we can rule the world with lord voldemegg!" He screamed.

"Uh, Hiccup"

"And then! Egg will die and we will have all the power to are selves!"

"No!"

"What!" Hiccup yelled in shock.

"I said no"

Hiccup started to laugh and whisper "you will be sorry one day...you will be" Amd he faded into the shadows...

Epilogue

"Yep" tuff replied with a grin.

"That's the worst lie ever."

19. Chapter 19

Rule 18 (?): don't replace Snotlouts meat with oranges... "What the crap is this?" "It's an orange." "a what-ange?" "Or-an-ge! You know like the color?" Snotlout stared at the orange. What was it doing there? Why was it sitting there staring him down? What was this oranges problem!? "Why is it here?" Snotlout asked. Still glaring at the fruit ball. "Because!" Yelled Hiccup "your dad told me to make

you eat one!" "This can't be an orange." "And, why ever not?" "Because Hiccup!" Snotlout huffed "nothing rhymes with orange!" "Yes there are!" "Okay mister smarty-pants give me on word!" "Fine...uh,...oh! Door hinge!" Hiccup smirked triumphantly at Snotlout's confused look. "What the heck is a door hinge?" "It's the thing that makes the doors open Snotlout." Hiccup replied rolling his eyes. "Hiccup." "Yes Snotlout?" Hiccup asked. "Oranges are evil." He replied starring down the citrus fruit. Testing it. Daring it to move. "It's a fruit." "ITS AN EVIL FRUIT!" "Okay if this thing is so evil, then what has it done?" "What do you mean?" Snotlout asked breaking his gaze from the evil fruit. "I mean what has it done to make it evil?" Hiccup asked "You gave it to me." Hiccup blinked. "Okay then I'm going over there now..." - - - - - Epilogue Snotlout screamed as the fruit ball 'chased' after him. "But Snotlout!" Pleaded the 'orange' "I want you to join me!" "Never!" "You will be sorry for disappointing me Snotlout..." 'Orange' whispered rolling the other way. "You will pay dearly..." Snotlout yelped running away. Not noticing Hiccup and the others hiding be hind a cart laughing, and Hi fiveing Hiccup. AN: I think I have a problem with making the teens believe that things that are not alive are...oh well XD oh and please R&R

20. Chapter 20

Rule # 19 don't push people into strange objects...Snotlout! D:{
"

What is it?"

"Why would I know?!"

"Your the Smart one!"

"That's Fishlegs!"

"Umm..."

Hiccup stared at the weird purple circle coming out of the ground in confusion. What is it? He wondered, as did many others

. "Ugh!" Growled Snotlout. "Starring at it hurts!"

Hiccup noticed this to. The more he stared at it the more it made his head hurt.

"I volunteer Hiccup to jump on it!" Hiccup was about to protest, but Snotlout suddenly pushed him
through!

NANANANANANANANANANANANANANANNANNAANANANANNANANNANNANANANANANANANANANNAANNANANANANANANANNAANNAAANANANANNANANANNNANAN Hiccup hit the ground roughly. He groaned and sat up, but something didn't feel right...he looked Down, gasped. He was no longer human! Instead of his normal hands he had hooves. He also noticed that on his flank. (As he could tell he was a pony) there was a night fury, with half a tail fin. And he had a short cropped, roughly cut auburn tail. He needed a mirror.

He was about to stand when he heard six, female voices. He looked up

and was met with a unicorn, two Pegasus's, two normal looking ponies, and what looked like a winged unicorn. They where now looking down at him concerned.

"Oh my!" Exclaimed a butter yellow Pegasus. "Are you alright?!"

Hiccup nodded slowly, and tried to stand again but was stopped by the winged unicorn.

"Where did you come from?"

Hiccup then replied "Berk, an island" The winged unicorn looked confused

"Berk?" She asked "I've only heard of that when I went...oh my Celestia!" She gasped.

"What is it twilight?" The others asked as 'Twilight' came towards him. "Your human aren't you?" She asked him and Hiccup Nodded.

Twilight got a wide smile on her face. "What's your name?"

"Hiccup" The Pegasus with the rainbow main snorted, but Hiccup chose to ignore her.

"Your the one who trained the dragons?! That's why your cutie marks a Night fury!" Hiccup blinked "cutie mark?"

"Yes the thing on your flank!" Hiccup looked up at Twilight wondering how she new who he was, but chose to say nothing. He looked up at her and asked a question.

"How am I going to walk on three legs?"

Twilight looked puzzled why the others looked confused.

"Three legs?!" Asked a pink pony "you have four silly!"

Hiccup shook his head "no I've got three" and with that he stood up, showing his prosthetic.

Almost instantly Hiccup fell back to the ground as the others (minus Twi) gasped.

The pony with the rainbow main came to his side and shook his...hoof.

"I'm rainbow dash and might I say your legs. So. Cool!" She gushed

"How'd you ge' that there leg?" An orange pony asked while the unicorn nodded curiously.

"I killed a dragon bigger than this town to save the other dragons, and was knocked of Toothless ("who's Toothless?") my night fury. And fell into some flames burning it off."

"Wow..." Rainbow breathed.

"Hey can I have a mirror?' Hiccup asked. And almost instantly one was by his side. He looked in it and gasped.

Hiccup was a mint green Pegasus with a messy auburn main and tail. He still had his eyes and noticed that his fur had little brown and black markings here and there. His prosthetic had been pony-fide. It was now almost touching his cutie mark, and was in the shape of a ponies back leg. Hiccup once again tried to stand, and managed to, but walking was going to be a whole new ball game...

AN: I don't know I just don't but please R&R! Oh there will be apart two to this! Just dont know when!
